EMAIL: IJUCNA@GMAIL.COM

Dear Friend _____

We are writing you to join us in making something wonderful happen in our beloved town of Ijebu-Jesa; the capital of Oriade Local government in Osun State, Nigeria. It has a population of about 40,000 people. In the last 15-20 years, there has been a significant transformation of the town's economic output from basic agrarian, to a community sustained mainly by services. As with all communities in Nigeria, the government has failed to plan for any growth or maintenance of existing infrastructures. As such, we as sons and daughters of Ijebu-Jesa under the umbrella of Ijebu-Jesa Unions' Conference North America (IJUC North America) are planning to embark on a series of physical development projects within the town to shore up the basic infrastructures needed to sustain the residents. Our goal is to raise \$100,000 dollars between 2021 – 2023 to deliver these projects as per attached brochure.

This is why we are asking you to assist IJUC North America in pursuing our maiden projects to provide clean water to our family members who are desperately in need of it, purchase transformers to improve electricity supply distribution so small businesses can thrive, rehabilitate elementary and high schools because these children are our future, and assist the town in our own little way in the construction of a new palace.

Can you make a difference in the lives of Ijebu-Jesa sons and daughters? Yes, You can.

With your gift of ___\$250 ___\$500 ___\$1000 ___\$1500 ___\$2000 ___\$2500 ___\$5000
___10,000 ___\$20,000 ___\$100,000 ___Other.
