

Ijebu-Jesa Union Conference – North America (IJUC – NA)

*Fundraising for Community Development Projects
2021-2023*

WATER IS LIFE

To alleviate the hardship of residents in procurement of water, we are looking to dig supplementary boreholes in all 4 corners of the town.

We also intend to provide adequate filters and other maintenance supplies to keep the boreholes operational for the next 5 years

LET THERE BE LIGHT

Our goal is to purchase power transformers with capacity required to sustain the current population and any other parts identified to keep the electric grid operational and make those available to the power distribution company so that incessant power failure can be curbed.

This will improve the capacity to grow the economy and provide opportunities for the young population

EDUCATION FOR EMANCIPATION

We intend to use some of the funds we are raising to rehabilitate some of these schools and provide basic environment conducive to learning.

We will patch the holes in the walls, paint the buildings and provide desks and chairs where necessary

AN ABODE FIT FOR A KING

The entire Ijebu-Jesa community have decided to construct a palace for the paramount ruler, Elegboro, to use in carrying out his duties to the town.

The palace is a community structure that houses every king.

At IJUCNA, our goal is to contribute a portion of the fund raised to help the community complete this noble project.

Conclusion

- ▶ Having shared our vision and plans, we are asking for help to reach the goal of raising \$100,000 (One Hundred Thousand US Dollars) to execute these projects.
- ▶ Our organization is a 501c organization, so all contributions made towards helping the people of Ijebu-Jesa solve some of the community's basic problems are tax deductible.
- ▶ As a team, we are committed to full transparency and accountability for every donation. We will inform our donors on progress made on each project as they occur and provide detailed accounting on each procurement and expenses. Our organization is a 501c3
- ▶ Please help us make a difference in the lives of our teeming population with your contributions.

thank
you.
